WASHINGTON STATE COALITION
WSCADV
AGAINST DOMESTIC VIOLENCE

2013 LEGISLATIVE SESSION UPDATE

February 15, 2013

Here is our legislative update for the first half of February. The last few weeks of session have been filled with policy hearings and "executive sessions," with the first round of bill deadlines approaching. **Thursday, February 22** will be the last day for policy bills to get out of their committees where they were introduced.. More important dates coming up are:

Friday, March 1 – Last day to get bills out of the fiscal and transportation committees in their house of origin.

Wednesday, March 13 – Last day to pass bills out of the full House or Senate, in the house where they were introduced.

Wednesday, April 3 – Last day to get bills out of committee that originated in the opposite house, other than bills related to fiscal matters and transportation.

Tuesday, April 9 – Last day to get bills out of the fiscal and transportation committees that originated in the opposite house.

Wednesday, April 17 – Last day that bills introduced in the opposite house must be voted on by the full House or Senate or they will not continue

Following is a summary of the status of WSCADV's legislative priorities, as well as a chart tracking numerous bills of interest to domestic violence survivors and programs. For more information about these bills, including the bill text and status, go to http://apps.leg.wa.gov/billinfo/ and input the bill number.

If there is a bill you care about, use the LEGISLATIVE HOTLINE to contact your legislators: **1-800-562-6000.**

• STATE BUDGET

Proposed operating budget (HB 1057 & SB 5034)- WSCADV's highest priority this legislative session is supporting revenue and protecting funds for domestic violence services and advocacy, including shelters, domestic violence legal advocacy, and funding for domestic violence services for underserved victims. As of the current date, the budget bills incorporate former Governor Christine Gregoire's proposed budget as a blueprint for the legislature and Governor Inslee to consider during the session. They are not bound by Governor Gregoire's proposals, which make no reductions to these programs. However, given that there are even fewer places to make cuts than in previous years, and because of the impact of the ***McCleary*** decision, and promises made during the 2012 elections that there would be no new taxes, we are concerned that domestic violence services are at high risk of being cut during the legislative session.

With respect to programs that domestic violence survivors access, Governor Gregoire's proposed budget recommends:

- Reducing the current monthly enrollment limit of 33,000 families each month to 30,000 families in 2015. Priority would be given to parents on the TANF program who are working or participating in their individual service plan.
- Eliminating cash assistance to the blind, disabled, and pregnant women accessing the Aged, Blind & Disabled (ABD)/Pregnant Women (PW) Assistance Program. Only the aged population would be eligible for cash assistance, although the others could still be eligible for housing assistance and essential needs support through the Housing and Emergent Needs (HEN) Program.

A summary of Governor Gregoire's proposed budget can be found at:
http://ofm.wa.gov/budget13/default.asp

Position: Monitoring

Status: Numerous work sessions and hearings continue to be held in the various House Appropriations Committees as well as the Senate Ways and Means Committee.

HOUSING/HOMELESSNESS

HB 1529: Fairness in tenant screening reports—This bill prohibits the inclusion of qualified victim protection order records on a tenant screening report, even if the record has not been sealed, which aligns tenant screening reports with the Landlord Tenant Act, which prohibits landlords from discriminating against victims of domestic violence and sexual assault in rental decision. The bill also specifies that tenant screening companies may only report on successful unlawful detainer actions (evictions) against prospective tenants, and not on legal proceedings where the tenant was successful in fighting the eviction.

Sponsors: Stanford, Jinkins, McCoy, Riccelli, Fitzgibbon, Reykdal, and Pollet

Position: Support

Status: A hearing was held on **HB 1529** in the House Judiciary Committee on February 14, 2013. It is tentatively scheduled for Executive Session on February 21, 2013.

SB 5568: Concerning the Disclosure of Victim Protection Information in Tenant Screening Reports—This bill prohibits the inclusion of qualified victim protection order records on a tenant screening report, even if the record has not been sealed, which aligns tenant screening reports with the Landlord Tenant Act, which prohibits landlords from discriminating against victims of domestic violence and sexual assault in rental decision.

Sponsors: Hobbs, Kohl-Welles, Billig, Frockt, Chase, Harper, Hasegawa, Keiser, Shin,

Kline and Nelson

Position: Support

Status: A hearing was held on **SB 5568** in the Senate Financial Institutions, Housing and Insurance Committee on February 12, 2013.

Proposed Capital Budget (HB 1089 & SB 5035)-

The Capital Budget makes appropriations for construction and building. A large portion of the Capital Budget is the Housing Trust Fund, the largest public funding source for the creation of affordable homes for low-income families and individuals. The Governor's proposed capital budget includes $65 million for the Housing Trust Fund. Housing advocates are requesting $175 million for the Housing Trust Fund.

Position: Support Highest Possible Allocation for the Housing Trust Fund. Survivors of domestic violence need access to the affordable housing units that the Housing Trust Fund creates.

Status: The House Capital Budget Committee held a hearing on the capital budget on Monday January 28, at 1:30 pm.

HB 1250/SB 5147- Relating to reporting of unaccompanied juveniles in shelter

This bill clarifies the reporting requirements when a licensed youth shelter, or runaway and homeless youth program provides shelter to a minor (without parental permission) , specifying the obligation is to report the location of the child the parent, law enforcement, or CPS within 72 hours, but preferably within 24 hours. It also requires those providing shelter to youth to consult the WA State Patrol's missing person's system, and to notify CPS if the minor is listed as missing. Compelling reasons not to report to the minor's parents include circumstances indicating the minor might be subjected to abuse or neglect. This bill does not change the obligations of persons or unlicensed youth shelters to immediately report they are providing shelter to a minor.

Sponsors: HB 1250: Representatives Orwall, Carlyle, Pollet, Goodman, Roberts, Appleton, Maxwell, Hunt, Moscoso, Zeiger, Walsh, Green, Fitzgibbon; **SB 5147:** Senators Hargrove, Carrell, Hewitt, Darneille

Position: Support
Status: SB 5147 has passed both the House and Senate, and is awaiting the Governor's signature. A hearing was held on **HB 1250** on February 1, 2013

FAMILY LAW

SB 5614: Extending the Waiting Period in Dissolution of Marriage—

This bill extends the waiting period between filing a petition for dissolution of marriage and the entry of a decree of dissolution from three months to one year.

The one-year period may be waived by a court in cases where either party was convicted during the marriage of a violent or sexual felony against the other party or a child, or in situations where a final, protection order has been entered against either party.
In addition, the bill directs the Administrative Office of the Courts (AOC) to develop a way for parties to a dissolution proceeding to show in the court record that they have read and understood the handbook developed by AOC, which will include information regarding the option of reconciliation, including research on the interest in reconciliation among couples considering marriage dissolution, the potential benefits of avoiding marriage dissolution, resources to assist with reconciliation for interested couples, and information on the circumstances in which the risk of domestic violence should exclude consideration of reconciliation; and information on non-adversarial approaches to dissolution.

Sponsors: Benton, Carrell, Hargrove, Padden, Delvin, Dammeier, Shin, Hewitt and Brown.

Position: Oppose The longer waiting periods to end a marriage expose domestic violence survivors to more extended periods of abuse and harassment. Though there are exceptions to the waiting period for domestic violence victims, many victims choose not to disclose domestic violence in order to not escalate the danger. In addition, the vast majority of domestic violence cases do not involve a felony conviction, and requiring a conviction may take just as long as the dissolution process itself.

Status: A hearing was held on **SB 5614** in the Senate Law and Justice Committee on February 15, 2013.

CHILD WELFARE

SB 5315 –Implementing the Recommendations of the Powell Fatality Review Team-This bill implements the findings of the fatality review team that studied the deaths of Charlie and Braden Powell, who were killed by their father during a supervised visit that took place while the children were under the custody of the child welfare system. Their father, Josh Powell was under investigation for the death of the children's mother. In child welfare cases, the bill directs courts to articulate its reasons for placing children with a certain caregiver over the objections of the parent. The bill also directs CPS to make a concerted effort to consult with law enforcement when there is an active criminal investigation against a parent or sibling who wants visitation with the child. In cases where a parent is ordered to undergo a psychosexual examination, CPS is directed to reassess visitation conditions. Finally, the bill directs that the Department provide ongoing domestic violence training and consultation for caseworkers.

Sponsors: Becker, Dammeier, Rivers, Padden, Roach

Position: Support. This bill would provide relevant supports to domestic violence victims involved in the child welfare system, and strengthen implementation of DSHS' domestic violence practice guide that was developed in 2009.

Status: A hearing was held on this bill in the Senate Human Services and Corrections Committee on February 4.

ECONOMIC SECURITY

HB 1313/ SB 5594 : Sick and Safe Employment Leave—In 2008, Washington passed legislation allowing victims of domestic violence to take time off from work in order to address the domestic violence, but the leave was not paid. This bill would provide paid leave to address illness, or to address domestic violence, sexual assault, or stalking. The amount of leave would vary according to employer size (based on a full-time equivalent and a 40 hour work week) as follows:

Up to 49 FTE: employees accrue 1 hour for every 40 worked, up to a 40 hour cap.

50 to 249 FTE: employees accrue 1 hour for every 40 worked, up to a 56 hour cap.

250+ FTE: employees accrue 1 hour for every 30 worked, up to 72 hours. If the employer provides a combined paid leave policy, such as part time employment, employees accrue up to 108 hours.

The bill sets these amounts as minimums, so employers could provide more generous benefits. In addition, the bill permits employees to swap shifts instead of taking paid leave, ***with the consent*** of their employers, and in cases of restaurants and bars, employers can arrange shift trades, and deduct sick time with the consent of the employee. The bill prohibits retaliation for using leave as the law permits, and employers can require documentation for absences longer than three days. Finally, labor unions and employers can bargain over the provisions.

Sponsors: HB 1313: Jinkins, Farrell, Morrell, Green, Dunshee, Lytton, Sawyer, Sells, Fitzgibbon, Riccelli, Moeller, Appleton, Reykdal, Roberts, Ryu, Pollet, Moscoso
SB 5594: Harper, Conway, Keiser, Nelson, Kohl-Welles, Hasegawa, Kline, Frockt, Shin, Chase

Position: Support. Victims should not have to choose between economic stability and their safety. Furthermore, economic self-sufficiency is intrinsically tied to victims being able to leave abusive relationships.

Status: HB 1313 had a public hearing on February 5th in the House Committee on Labor and Workforce Development. Executive action was taken on February 13th in that committee to pass Substitute Bill 1313. **SB 5594** was introduced on February 5th and referred to the Commerce & Labor Committee. It will have a hearing in that committee on February 20th at 1:30pm.

SB 5728: Declaring state preemption of local paid sick and paid safe leave regulation— This bill prohibits enactment of local laws and ordinances that require or regulate paid sick leave or paid safe leave in excess of standards adopted by the state.

Sponsors: Braun, Padden, Tom, Schoesler, Bailey, Benton

Position: Oppose This bill would take away the ability of local governments to enact paid sick and safe leave regulation, including negating the city of Seattle's current paid sick/safe leave requirements. We support the ability of local governments and/or state government to enact these regulations that offer more feasible options for survivors to take leave when they need to.

Status: SB 5728 is scheduled for public hearing on February 20th in the Senate Committee on Commerce & Labor at 1:30 PM.

SB 5292/ HB 1457: Implementing family and medical leave insurance— This bill allows workers to care for family members with a serious health condition or to recover from their own serious health condition, expands duties of the employment security department, and requires each employer, for each individual, to pay a premium to the employment security department based on the amount of the employee's wages. It also provides a business and occupation tax credit for certain employers and changes the name of the family leave insurance program to the family and medical leave insurance program.

Sponsors: SB 5292 Keiser, Conway, Murray, Kohl-Welles, Shin, Hasegawa, Harper, Nelson, Hatfield, Kline , **HB 1457** Green, Sawyer, Reykdal, Appleton, Sells, Ormsby, Bergquist, Jinkins, Pollet, Fey, Moeller, Kagi, Freeman and Hudgins.

Position: Support

Status: SB 5292 was introduced in the Senate on January 24th and referred to the Commerce and Labor committee. It will have its first hearing in that committee on February 20th at 1:30 PM. **HB 1457** was passed out of the House Labor and Workforce Development Committee on February 13.

HB 1781/ SB 5726 : Placing geographic limitations on local paid sick leave and paid safe leave programs— This bill prohibits a local government from applying a paid sick leave or paid safe leave program to an employer or employee whose principal place of business or employment, as appropriate, is outside the limits of the local government's territorial jurisdiction.

Sponsors: HB 1781- Manweller, Short, Condotta, Kristiansen, **SB 5726**Braun, Tom, Bailey, Schoesler, Padden, Benton

Position: Oppose This bill would allow businesses who had offices in a local area that required paid sick and safe leave to opt out of extending those benefits to their employees if that business's main office was not located in an area that required paid sick and safe leave. This is another attempt to erode the benefits offered in the city of Seattle and prevent others from accessing any paid sick/safe leave that other local governments might require in the future. We believe that extending paid time off to deal with a domestic violence situation makes individuals and communities safer.

Status: SB 5726 was introduced in the Senate on February 12th and referred to the Commerce and Labor committee. It will be heard in that committee on February 20th at 1:30 PM.

PUBLIC SAFETY

HB 1108: Modifying the Definition of Third Degree Rape and Indecent Liberties

This bill removes the exemption in the law that prohibits a victim's spouse from being convicted of Rape in the third degree or Indecent Liberties. Currently, the crimes of Rape in the third degree and Indecent Liberties can occur but cannot be prosecuted in cases where the perpetrator is married to the victim.

Sponsors: Goodman, Jinkins, Wylie, Pedersen, Green, Roberts, Pettigrew, Maxwell, Orwall, Appleton, Ryu, Morrell, Bergquist

Position: Support

Status: HB 1108 was passed out of the House Public Safety Committee on February 13, 2013.

HB 1840-Restricting Individuals with Domestic Violence Protection Orders from Possessing Firearms

This bill would bring Washington law into alignment with the federal Brady bill, by creating a new state crime restricting those who have a court order that restricts them from harming their intimate partner or child, from possessing a firearm. The bill also directs courts to order the surrender of a firearm in orders that restrain the defendant or respondent from harming their intimate partner or child. Finally, the bill directs law enforcement agencies to have policies and protocols addressing firearm removal, seizure, storage, and return of firearms.

Sponsors: Goodman, Hope, Hunter, Pedersen, Bergquist, Habib, Fey, Ryu, Jinkins, Pollet, and Tharinger

Position: Support

Status: A hearing is scheduled for Wednesday, February 20,2013 in the House Judiciary Committee

HB 1588/ SB 5625 –Requiring Universal Background Checks for Firearm Transfers This bill requires a background check on the sale of any firearm, other than an antique firearm, when both the seller and the purchaser are not licensed as dealers under state law. It also provides that the background check must be conducted by a dealer or a local law enforcement agency and include a check of the National Instant Criminal Background Check System.

Sponsors: HB 1588: Pedersen, Hope, Jinkins, Hansen, Freeman, Kagi, Walsh, Carlyle, Hunter, Clibborn, Ormsby, Cody, Green, Stanford, Orwall, Maxwell, Liias, Pettigrew,Tharinger, Springer, Hudgins, Wylie, Moeller, Fitzgibbon, Ryu, Roberts, Goodman, Riccelli, Farrell, Fey, Appleton, Pollet, Habib, Bergquist, Moscoso, Hunt, Santos and Reykdal. **SB 5625-** Kline, Tom, Darneille, Litzow, Kohl-Welles, Chase, Frockt, Mullet

Position: Support

Status: A hearing on **HB 1588** took place in the House Judiciary Committee on Wednesday, February 13,2013. **SB 5625** was referred to the Senate Judiciary Committee

SB 5305- Regarding the Mandatory Reporting of Gunshot Wounds This bill would mandate that hospitals make a report to law enforcement when treating a patient with a gunshot or stabbing wound. Current law requires that hospitals make a report when a patient is unconscious-this bill would require it in all cases, even if a patient does not want a report made.

Sponsors: Becker, Schlicher, Kline, Dammeier, Delvin, Ericksen, Parlette, Carrell

Position: Oppose While WSCADV supports victims having access to law enforcement when they want it, this bill eliminates the ability of ***adult*** victims to decide when to seek law enforcement assistance when it is safe for them to do so. Research shows that law enforcement involvement in domestic violence cases does not always result in abusers being held accountable, and in some cases involving law enforcement without supports and safety planning for victims may escalate violence. Most importantly, WSCADV is deeply troubled by the likelihood that victims will forego crucial medical help when needed, or that abusers will prohibit victims from going to the hospital to seek care if they know law enforcement will be involved.

Status: SB 5305 has been referred to the Senate Healthcare Committee, and a hearing was held on February 7, 2013 at 10:00 am.

SB 5484/HB 1563 Increasing Penalties for Assaults that Occur in the Courthouse This bill adds assaults that take place in any area of a building that is used in connection with court proceedings, including courtrooms, jury rooms, a judge's chamber, offices and areas used to conduct court business, waiting areas, and corridors

adjacent to areas used in connection with court proceedings to the list of circumstances that make up the crime of third degree assault. In addition, the bill adds to the list of aggravating factors for sentencing purposes when courts decide to go beyond the standard sentencing range.

Sponsors: SB 5484: Kline, Frockt, Ranker, Rolfes, Padden, Fain and Kohl-Welles; **HB 1563:** Goodman, Hope, Pettigrew, Dahlquist, Pedersen, Van De Wege, Ryu, Moscoso; by request of the Attorney General.

Position: Support

Status: A hearing was held on **SB 5484** in the Senate Law and Justice Committee on February 15, 2013. **HB 1563** was heard in the House Public Safety Committee on February 12, 2013.
